

REQUEST FOR A DECISION

Mobility Committee – March 21, 2024

To: Councillor Grandy, Chair, and Members of the Mobility Committee

June 27, 2023

Title: T-1 By-law amendments parking restrictions - Alder Avenue - March 21, 2024.docx

ISSUE:

By-law amendments are required to implement parking restrictions on Alder Avenue to adequately address safety concerns.

RECOMMENDATION(S):

A. Recommendation:

It is recommended that the following resolution be forwarded to City Council for consideration:

BE IT RESOLVED THAT City Council for the City of Fredericton authorizes and directs the Legal Division to make the following amendments to By-law No. T-1, A By-law to Regulate Traffic by:

1) adding No Parking on:

- the easterly side of Alder Avenue between Main Street and the southerly terminus thereof.

B. Other options: City Council may choose to provide other direction to staff.

SITUATION, BACKGROUND & DISCUSSION:

City staff manage the day-to-day operations of city streets. This includes regulatory street signage for traffic controls and parking restrictions. By-law No. T-1 lists the locations of all traffic control and parking restrictions in the city and should be regularly updated to reflect the needs of a growing city. The following changes to By-law T-1 are recommended based on existing signage and proposed new changes to signage.

Parking restrictions:

- No parking on the easterly side of Alder Avenue between Main Street and the southerly terminus thereof.
- **FINANCIAL:** The costs of these changes will be covered under existing roadway operations budgets
- **LEGAL:** To allow enforcement in these areas, by-law amendments are required to By-law No. T-1.
- **COMMUNICATIONS:** Communications has been made aware of the of the proposed By-law amendments
- **CLIMATE LENS:**
 - ☐ Moves us towards GHG reduction targets
 - ☒ No change in GHG emissions

☐ Moves us away from GHG targets but there are trade-offs with other Council or Municipal Plan priorities (*identify which priorities*)

Does this proposal improve the City of Fredericton's resilience to the impacts of climate change in line with our Climate Change Adaptation Plan?

☐ Moves us towards climate resilience

☒ No change in resilience

☐ Moves us away from climate resilience but there are trade-offs with other Council or Municipal Plan priorities (*identify which priorities*)
